

Overview List – How many Smokefree Laws?

Since the 1970s, the nonsmokers' rights movement has made significant progress toward clean indoor air. As of April 2, 2015, there are 4,330 states, commonwealths, territories, and municipalities with laws in effect that restrict where smoking is allowed, many of which are 100% smokefree in Non-Hospitality Workplace,* Restaurant,** or Bar laws, and combinations of the three. We hope that the following concise statements are helpful.

As of April 2, 2015:

Local Laws

- A total of **4,275** municipalities in the United States have laws in effect that restrict where smoking is allowed.
- Of these 4,275, a total of **1,203** municipalities have a 100% smokefree provision in effect – either in non-hospitality workplaces, **and/or** restaurants, **and/or** bars.
- There are **983** municipalities with laws in effect that require non-hospitality workplaces to be 100% smokefree.
- There are **1,023** municipalities with laws in effect that require restaurants to be 100% smokefree.
- There are **890** municipalities with laws in effect that require bars to be 100% smokefree.
- There are **724** municipalities with laws in effect that require non-hospitality workplaces, restaurants, **and** bars to be 100% smokefree.
- There are **807** municipalities with laws in effect that require **both** non-hospitality workplaces **and** restaurants to be 100% smokefree.
- There are **890** municipalities with laws in effect that require **both** restaurants **and** bars to be 100% smokefree.

Note: Since some of the above municipalities have 100% smokefree coverage in more than one category, ***the numbers are not mutually exclusive.***
